

R E M A R K S

Reconsideration of this application, as amended, is respectfully requested.

The Examiner's indication of the allowability of the subject matter of claims 2, 4, 5, 10 and 11 is respectfully acknowledged.

Claim 2 has been amended to be rewritten in independent form to include all of the limitations of its parent claim 1, and claim 10 has been amended to be rewritten in independent form to include all of the limitations of its parent claim 8 and intervening claim 9.

In addition, claims 2, 4, 6, 7, 10, 12 and 13 have been amended to make some minor grammatical improvements and/or to correct some minor antecedent basis problems, so as to put the claims in better form for issuance in a U.S. patent.

Still further, claims 6 and 7 have been amended to depend from claim 2, and claims 12 and 13 have been amended to depend from claim 10.

No new matter has been added, and no new issues with respect to patentability have been raised.

Accordingly, it is respectfully requested that the amendments to the claims be approved and entered under 37 CFR 1.116, and it is respectfully submitted that amended independent claims 2 and 10 and claims 4-7 and 11-13 depending respectively therefrom are all now in condition for immediate allowance.

In view of the foregoing, entry of this Amendment, allowance of the claims and the passing of this application to issue are respectfully solicited.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.

Respectfully submitted,
/Douglas Holtz/
